Gentlemen:

I am 37 years old with a wife and 5 children. I started applying your A.A. principles last fall and after attending meetings in Jacksonville and talking with many members there and in Daytona, I consider myself a bona fide member as well as an enthusiastic member.

However, I am now located in Orlando which has no group. Knowing full well that A.A. represents my salvation, I am very anxious to get a group organized here. Both the Jacksonville and Daytona fellows are behind me and will help me

out. I have also found an
F.B.I. A.A. member here from East
12 Orange, N. J. . . . Mr. Samuel G. W.
I believe Mr. and Mrs. W. are
both acquainted with Mr. "Bill"
Wilson, of whom I have heard
much. Mr. W. is anxious
to aid in forming a group and
we are laying our plans now
with four prospects in sight.

There are probably policies
which you people in New York
would want us to observe, so
I am writing this letter for
instructions from you as to how
to conduct ourselves. Please let
us know as soon as you can.

Thanks.

Sincerely,

D.W.A. ANDREWS JR.
