AA's Twelve Steps are principles for personal recovery. The Twelve Traditions ensure the unity of the Fellowship. The Twelve Concepts for World Service provide a group of related principles to help ensure that various elements of A.A.'s service structure remain responsive and responsible to those they serve.

**Step Eleven:** "Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out."

**Tradition Eleven:** "Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio and films."

**Concept Eleven:** "While the trustees hold final responsibility for A.A.'s world service administration, they should always have the assurance of the best possible standing committees, corporate service directors, executives, staffs, and consultants. Therefore, the composition of these underlying committees and service boards, the personal qualifications of their members, the manner of their induction into service, the systems of their rotation, the way in which they are related to each other, the special rights and duties of their executives, staffs, and consultants, together with a proper basis for the financial compensation of these special workers, will always be matters for serious care and concern."
